**TEXT:**

Like all tax increases, the proponents of Measure L threaten "devastating" cuts, crime, and other bad things if the tax does not pass.

The proponents would like for you to believe that Measure L WILL Do certain things - it WILL NOT AND IT CANNOT. Using Measure L funds for specific things would be illegal.

If you read Measure L, the tax money will go straight into Lodi's general fund where it will be spent however the city council desires.

There is no oversight or accountability with Measure L. Lodi currently has an audit done each year so that piece is meaningless. The oversight committee will have no teeth because none of the money from Measure L is required to be spent on any specific project.

The proponents do not mention Lodi's bloated pensions that pay city employees more while retired than while they worked. Do you have a pension like that?

**Councilwoman JoAnne Mounce was honest when she said, "The cause of this point blank is CalPERS and our pension fund, and I have spent the last two years of my life fighting with CalPERS." (Lodi City Council Meeting, June 20, 2018)**

Now is the time to force Lodi to deal with its bloated pensions. It is time to change how government business is done and to prioritize services - specifically police services. It is time to stop writing checks to prop up public pensions and CalPERS.

Do something that will help Lodi. VOTE NO ON MEASURE L.
