**AGENDA TITLE:** Provide Staff Direction Regarding Drafting Local Hiring Ordinance

**MEETING DATE:** January 19, 2011

**PREPARED BY:;** City Attorney's Office

**RECOMMENDED ACTION:** Provide staff direction regarding drafting local hiring ordinance.

**BACKGROUND INFORMATION:** The City Attorney's office was asked by Mayor Pro Tempore Mounce to research and present initial options for a local hiring ordinance. It is important to recognize at the outset however, that there are a number of legal impediments to the most direct form of a local hiring program: simply requiring contracts to be awarded only to businesses located in the city, or businesses that have a specified percentage of employees residing in the city.

There are a number of legal obstacles to such ordinances. Public Contracts Code Section 20162 requires General Law cities such as Lodi to award Public Works contracts (generally meaning the construction, repair, or improvement of a public building, or public infrastructure) to the lowest bidder. The Code makes no exception based on a preference for local residents. Moreover, a number of courts have concluded that local hiring ordinances may violate the Equal Protection Clause, the Commerce Clause of the U. S. Constitution, and the California Constitution's right to work and travel. (*United Bldg & Construction Trades v. City of Camden* 79 L.Ed 2d 249 (1984) and *Cooperrider v. Civil Service Commission* 97 Cal App 3d 495 (1979).)

The Charter City of San Francisco's local hiring ordinance survived constitutional challenge however, because it was allegedly designed to remedy the competitive disadvantages faced by businesses housed in San Francisco (namely high cost) and not by a general desire to favor local residents over those outside the City and County of San Francisco. (*Associated General Contractors v. City and County of San Francisco* 813 F. 2d 922 (9th Cir. 1987).

To address these challenges some cities have adopted ordinances that require good-faith efforts by contractors to hire workers who reside locally. Typically these ordinances do not require a quota, but instead operate similarly to the Disadvantaged Business Outreach requirements frequently imposed as a condition of federal funding and familiar to many large-scale contractors. Simply put, a contractor and its subcontractors are required to advertise locally in an effort to hire local workers for the public project, and are required to supply evidence that it has done so. Examples of such programs from Pasadena and Stockton are attached as exhibits A and B.

Given Lodi's smaller population, staff requests direction regarding both the goal percentage for local hires and the definition of local residents. It may be unrealistic to assume that Lodi alone has a sufficient supply of plumbers, framers, masons and other trades to supply 50-percent of the work force for a major public project. It is unknown whether a number of contractors that would commonly be considered local, such as A.M. Stephens, F&H Construction, Ford, DSS, and Diede Construction, employ a sizeable number of local workers. One alternative is to broaden the definition of local resident to San Joaquin

**APPROVED:**

  
Konradt Bartlam, City Manager

County, or another geographic area. Informal discussions with employees of these firms suggest that between 20 and 40 percent of their workers actually reside in Lodi and most felt they would have a hard time finding sufficient workers residing in Lodi to meet a 50-percent goal. At this stage, staff suggests that Council first give direction regarding whether it desires to pursue a local hiring preference. If Council does want to pursue the ordinance, staff recommends Council direct Public Works, Electric Utility, and the City Attorney's office to conduct open meetings with the construction industry. The meetings will be intended to explore concerns regarding the ordinance to insure that however it is ultimately crafted it operates effectively. Staff will then return with further recommendations if Council desires to pursue the ordinance.

**FISCAL IMPACT:** Not applicable.

**FUNDING AVAILABLE:** Not applicable.

Title 3 REVENUE AND FINANCE

Chapter 3.68 BIDDING, CONTRACTING AND PURCHASING PROCEDURES

Article 1. General Provisions

[ remove highlighting ]

#### 3.68.095 Local employment—Public works contractors.

A. Findings. The City Council of the City of Stockton hereby finds that:

1. Unemployment rates in Stockton have been consistently higher than in California as a whole. Statistics indicate that the higher unemployment level in Stockton correlates to a higher number of families living in poverty and to a higher crime rate.

2. Due to the lack of local jobs, much of the work force residing in Stockton is forced to commute long distances to find work, causing increased traffic on state highways, increased pollution, increased use of gas and other fuels and other serious environmental impacts.

3. Because of the shortage of local jobs, many residents of Stockton must leave for work very early in the morning and return late in the evening, often leaving children and teenagers alone and unsupervised during the hours between school and the parents return from work outside the area.

4. Absentee parents and unsupervised youth can result in increased problems for families, communities and the City as a whole, including, but not limited to, increased crime, more frequent and more serious injuries, poor homework accomplishments, failing grades and increased high school drop out rates.

5. The City Council of the City of Stockton has concluded that the City needs an expanding employment base and that a policy that encourages contractors who receive City contracts or subsidies to hire residents of Stockton will benefit the City as a whole.

6. Such policy will provide job opportunities to Stockton residents, expand the City's employment base, lessen the drain on public assistance resources and reduce the impacts on the environment caused by high unemployment and long commuting times to jobs outside the area.

B. Declaration of Policy and Purpose.

1. It is the policy of the City of Stockton to ensure full and equitable opportunities for Stockton residents to participate in the employment opportunities that arise from public works contracts.

2. It is also the policy of the City of Stockton to increase the number of employed persons living in the City of Stockton in an attempt to counteract the grave economic and social ills associated with the higher unemployment levels that exist within the City.

3. In furtherance of this policy the City of Stockton has established a local hiring program to encourage the hiring and retention of Stockton residents for the work to be performed under public works contracts.

C. Scope and Goals.

1. Unless such a provision would conflict with a State or Federal law or regulation applicable to a particular contract for public works or improvements, all City contracts for public works or improvements of estimated value or City subsidy of \$100,000.00 or more shall contain provisions pursuant to which the contractor promises to make a good faith effort, with the assistance of local labor union hiring halls or community organizations designated by the City to employ qualified individuals who are, and have been for one year prior to the effective date of the contract, residents of Stockton in sufficient numbers so that no less than 50 percent of

the contractor's total construction work force, including any subcontractor work force, measured in labor work hours, is comprised of Stockton residents.

2. Unless such provision would conflict with a State or Federal law or regulation applicable to a particular contract for a public works project, all City contracts for a public works project referenced in subsection (1) shall contain provisions pursuant to which each contractor or subcontractor shall make a good faith effort to employ apprentices who are enrolled in and participating in a viable apprenticeship program serving the San Joaquin Valley and approved by the State Department of Apprenticeship Standards. This apprenticeship requirement shall apply for each apprenticable craft or trade in which the contractor employs workers in performing any of the work under the contract.

(3) If, in response to a written request made at least 48 hours (excluding Saturday, Sunday and holidays) before the date on which one (1) or more apprentices are required, an apprenticeship program(s) does not dispatch any apprentice or dispatches fewer apprentices than requested to a contractor (that has agreed to employ and train apprentices in accordance with California Labor Code Section 1777.5) within 72 hours of such request (excluding Saturday, Sunday and holidays), that contractor shall be considered in compliance with the apprentice employment requirement for that trade or craft for a 90-day period from the request date, provided the contractor employs those apprentices who are dispatched. Where there is more than one (1) viable apprenticeship program for that trade or craft serving the San Joaquin Valley, a contractor, that is not a participant in or an affiliate of an apprenticeship program and receives fewer apprentices dispatched than requested, shall not be considered in compliance with the apprentice employment requirement unless the contractor has made a written request for the dispatch of apprentices from at least two (2) viable apprenticeship programs. A contractor, that is a participant in or an affiliate of an apprenticeship program, shall make dispatch requests to the program in which it is affiliated or participating.

4. In the event that no viable apprenticeship program exists for a particular craft or trade, the contractor shall be exempt from the requirements of this section with regard to that craft or trade.

5. A contractor employing apprentices pursuant to this section shall employ apprentices in a ratio of not less than one (1) apprentice for each five (5) journeymen in the apprenticeship craft or trade classification that are employed on the public work contract unless to do so would result in apprentice employment in ratios below the minimum ratios prescribed by California Labor Code Section 1777.5 in which case apprentice employment shall be at least in the ratios prescribed by California Labor Code Section 1777.5.

6. This section shall not be construed so as to exempt a contractor from any otherwise applicable requirement imposed upon the contractor by the California Labor Code.

D. Good Faith Effort. A bidder or contractor who fails to meet the goal of having 50 percent of its work force be residents of Stockton shall, nevertheless, be deemed to have made a "good faith effort" to hire sufficient numbers of residents of Stockton if, prior to execution of the contract with the City, six (6) or more of the following employee recruitment activities have been undertaken and documented:

1. Placing a valid job order for existing and projected position vacancies with the **local** office of the State Employment Development Department, for no less than 10 consecutive calendar days;

2. Placing a valid job order for existing and projected position vacancies with Worknet of San Joaquin County, for no less than 10 consecutive calendar days;

3. Advertising existing and projected position vacancies, job informational meetings, job application workshops, job application centers and job interviews by posting notices which identify the positions to be filled, the qualifications required, and where to obtain additional information about the application process, in conspicuous **local** authorized public places, including but not limited to the City Hall, schools, post offices, libraries, and senior citizens' centers;

4. Conducting a job informational meeting to inform the community of employment opportunities of

the contractor, to be held at a City or other public facility (may be combined with other contractors);

5. Providing ongoing assistance to Stockton residents in completing job application forms;
- 6; Conducting a job application workshop to assist the community in applying and interviewing for jobs in the contracting industry, to be held at a City or other public facility (may be combined with other contractors);
7. Establishing a job application center located in the City of Stockton, where job applications may be obtained, delivered to and collected;
8. Conducting job interviews within 10 miles of the location designated for contract performance;
9. Advertising valid existing and projected position vacancies through the **local** media, such as community television network, **local** newspapers of general circulation, and trade papers or minority focus newspapers;
10. Telephone solicitation of known potential **local** subcontractors or employees;
11. Any other means of obtaining employees who are residents of Stockton that are reasonably calculated to comply with the goals of this section.

E. Required Documentation.

1. The contractor shall keep, and provide to the City, on standardized forms acceptable to the City, an accurate record showing the name, place of residence, hours employed and per diem wages and benefits of each person employed by the contractor, and the contractor's subcontractors, on the specific public works project, including full-time, part-time, permanent and temporary employees.
2. The contractor shall keep, and provide to the City, on forms acceptable to the City, an accurate record documenting the contractor's good faith efforts to comply with the **local** resident employment and apprentice employment provisions of this section. Said records shall include: a listing by name and address of all **local** recruitment sources contacted by the contractor; the date of the **local** recruitment contact and the identity of the person contacted; the trade and classification and number of employment referrals requested; the number of **local** residents employed as a result of the contact; and the identity and address of the person(s) employed pursuant to the contact.

F. Forms Submitted Under Penalty of Perjury. All forms required under this section shall attest to the veracity of the information set forth therein and shall be submitted under penalty of perjury.

G. Irresponsible Bidder Declaration. Should any contractor or subcontractor fail to abide by the good faith **local** resident employment and apprentice employment provisions of this section, the contractor or subcontractor may be declared by the City to be an irresponsible bidder on future projects pursuant to Section 3.72.010 of this code.

H. Binding on Subcontractors. The good faith **local** resident employment and apprentice employment provisions of this section shall bind the contractor both with respect to persons employed directly by the contractor and to all persons employed by the contractor's subcontractors. The contractor shall be responsible for assuring that all subcontractors document said compliance by submitting, and making available to the City, the forms required by this section.

I. Definitions. As used in this section, the following terms shall have the following definitions:

"Contract for public works or improvement" means any contract with the City for construction, alteration, demolition or repair work.

"Qualified individual" means an individual who is in a certified State or Federally approved apprenticeship program in an applicable trade or has become a journeyman in his or her applicable trade.

"Resident of Stockton" means an individual who has been domiciled, as defined by Section 200(b) of the

California Elections.Code, within the boundaries of Stockton for at least one (1) year immediately preceding the date of the award of contract by the City and who can verify his or her domicile upon request of the contractor or City by producing documentation such as a rent/lease agreement, telephone and utility bills or payment receipts, a valid California driver's license or identification card, and/or any other similar, reliable evidence that verifies that the individual is domiciled within Stockton. For the purposes of this section, the following Zip Code areas are considered to be within Stockton: 95202,95203,95204,95205,95206,95207,95209,95210,95212,95215 and 95219.

"Viable apprenticeship program" means an apprenticeship program approved by the California Department of Apprenticeship Standards that has graduated apprentices annually for at least the past five (5) years. Any apprenticeship program that has been approved for less than 10 years shall be deemed a viable apprenticeship program provided that, following the fifth anniversary of its approval by the California Department of Apprenticeship Standards, it graduates apprentices each subsequent year.

J. Contracts – Bid Documents – Subcontracts.

1. Contracts and bid documents shall incorporate this section by reference and shall provide that the failure of any contractor or subcontractor to comply with any of its requirements shall be deemed a material breach of the contract or subcontract.

2. All subcontracts shall expressly acknowledge the City's status as a third party beneficiary to that subcontract and further expressly acknowledge that the City, as a third party beneficiary, shall have the right to enforce the provisions of this section with regard to that subcontract or seek remedies available under this section should a party to the subcontract fail to comply with any of the provisions of this section that apply to the subcontract.

3. Contracts and bid documents shall require bidders, contractors and subcontractors to maintain records necessary for monitoring their compliance with this section.

K. Exceptions. The provisions of this section shall not apply:

1. Where the City determines that the contract is necessary to respond to a declared emergency which endangers the public health, welfare or safety and there is no time to apply the provisions of this section.

2. To City construction contracts or portions thereof, wherein the work is of a highly specialized nature as determined by the City Council when the contract specifications are approved. (Ord. 01 1-09 § 1, eff. 10-01-09)

**DATE:** January 19, 2011  
**RE:** **Item I-01- Strongly Opposed**

The Sacramento Regional Builders Exchange (SRBX), a commercial construction trade association representing over 3,000 member businesses, strongly opposes the drafting of a "local hire Ordinance" in the City of Lodi.

We agree that hiring local people is a noble goal, and an objective our organization works towards every day. However, trying to accomplish this goal in this manner has many drastic and serious flaws, which City Staff acknowledges within its report. Mandating construction companies to hire 50% of their workers locally is a high public safety risk. In a City of relatively small population, companies will be forced to hire residents who do not have the qualifications or safety training just to meet a city imposed quota.

The employing of people based on their residence and not the content of their character/qualifications is of violation of the United States Constitution (Equal Protection Clause, Commerce Clause). Not only will this practice invite a plethora of expensive law suits, but it will also drive up costs on projects because construction firms will be strictly limited from hiring the best available workforce. The outreach City Staff did with local construction companies underlines this concern.

We suggest a strong alternative that accomplishes the same goal, a "Regional Bid Preference". Regional Bid Preference is based on "local regional companies" not "local individual workers". Secondly, it broadens the region to include multiple counties to ensure the City obtains enough qualified companies and workers for all bidding jobs. This will eliminate the public safety risk, cost less and keep tax dollars/wages local, and help employ workers within the region.

We urge Honorable Councilmembers to reject the formation of a restrictive local hire ordinance. However, see the pursuit of a "regional bid preference" as a favorable alternative.

Thank you for your time and consideration.

Sincerely,

**MEETING DATE:** February 1, 2012

**PREPARED BY:** City Attorney's Office

**RECOMMENDED ACTION:** Consider Introducing Ordinance Amending Lodi Municipal Code Chapter 3.20 – Purchasing System by adding Section 3.20.106 "Local Hire Policy and Apprenticeship."

**BACKGROUND INFORMATION:** On January 19, 2011, Council directed staff to return with a draft local hire ordinance following the San Joaquin County model after seeking input from contractors who have done business with the City of Lodi. Staff forwarded the attached draft in October 2011 and only received the one attached positive response.

The ordinance requires contractors to make a good faith effort to hire local labor on projects over \$200,000 and submit a declaration outlining their efforts to so hire. Good faith efforts include posting vacancies with the State Employment Development Department, advertising at Worknet, providing local job fairs, conducting local interviews, and local advertising.

Accordingly, staff recommends that the City Council consider introducing the attached Ordinance entitled "Local Hire Policy and Apprenticeship."

**FISCAL IMPACT:** Not applicable.

ORDINANCE NO. \_\_\_\_\_

AN ORDINANCE OF THE CITY COUNCIL OF THE CITY OF  
LODI AMENDING LODI MUNICIPAL CODE CHAPTER 3.20 –  
PURCHASING SYSTEM BY ADDING SECTION 3.20.106  
“LOCAL HIRE POLICY AND APPRENTICESHIP”

=====

BE IT ORDAINED BY THE CITY COUNCIL OF THE CITY OF LODI AS FOLLOWS:

Section 1. Lodi Municipal Code Chapter 3.20 – Purchasing System is hereby amended by adding Section 3.20.106, “Local Hire Policy and Apprenticeship” to read as follows:

3.20.106 Local Hire Policy and Apprenticeship

A. Generally:

The City of Lodi suffers economically as evidenced by unemployment rates, and the Lodi City Council supports improving the economic well being of the City by increasing employment opportunities for citizens of Lodi and the surrounding communities.

The City of Lodi periodically awards construction contracts, which employ significant numbers of employees in various trades and many City and San Joaquin County residents possess the skills required of such construction efforts and are in need of employment.

B. Local Hire:

1. Bidders on construction projects shall complete a Bidder Local Hire Information Form and Checklist. The Form shall be submitted with all construction bids in excess of \$200,000, which indicates the bidder’s effort to employ local hire. A copy of the Local Hire Information Form and Checklist is attached as Exhibit A and shall be included in all bid packages with an Engineers Estimate over \$200,000. Unless this provision conflicts with a state law, federal law, regulation or funding requirement, bidders who fail to establish a good faith local hire effort shall be rejected as non-responsive.

2. In the event that two or more bids are the same and the lowest, the City shall award the contract to the bidder that made the most significant effort to employ local residents as indicated on the bidder Local Hire Information form.

C. Local Apprenticeship Program

Unless the provision would conflict with a state law, federal law, regulation or funding requirements applicable to a particular contract for a public works project, City contracts for public works in excess of \$200,000 shall contain provisions pursuant to which each contractor or subcontractor shall make a good faith effort to employ apprentices who are enrolled in and participating in a apprenticeship program serving the San Joaquin Valley and approved by the State Department of Apprenticeship Standards. This apprenticeship requirement shall apply for each apprenticable craft or trade in which the contractor employs workers in performing any of the work under the contract. A contractor shall evidence its good faith effort by complying with California Labor Code Section 1777.5 and the implementing regulations and seeking apprentices from apprenticeship programs serving San Joaquin County.

A contractor employing apprentices pursuant to this section shall employ apprentices in a ratio

consistent with the provisions of the California Labor Code.

This section shall not be construed to exempt a contractor from any otherwise applicable requirement imposed upon the contractor by federal or state law.

Section 2. This ordinance is not intended to and shall not be construed or given effect in a manner which imposes upon the City, or any officer or employee thereof, a mandatory duty of care towards persons or property within the City or outside of the City so as to provide a basis of civil liability for damages, except as otherwise imposed by law.

Section 3. Severability. If any provision of this ordinance or the application thereof to any person or circumstances is held invalid, such invalidity shall not affect other provisions or applications of the ordinance which can be given effect without the invalid provision or application. To this end, the provisions of this ordinance are severable. The City Council hereby declares that it would have adopted this ordinance irrespective of the invalidity of any particular portion thereof.

Section 4. All ordinances and parts of ordinances in conflict herewith are repealed insofar as such conflict may exist.

Section 5. This ordinance shall be published one time in the "Lodi News Sentinel," a daily newspaper of general circulation printed and published in the City of Lodi, and shall be in force and take effect 30 days from and after its passage and approval.

Approved this \_\_\_day of \_\_\_\_\_, 2012.

Purchases of supplies, equipment, contractual services, public projects, and sales of personal property of an estimated value greater than twenty thousand dollars shall follow the formal contract procedure:

- A. Specifications and plans shall be subject to review and approval by the city council prior to the solicitation of bids.

- B. The advertisement for bids will be conducted as provided for in the Government Code.
- C. Notice Inviting Bids. Notice inviting bids shall include a general description of the articles to be purchased or sold, or work to be performed, and shall state where bid forms and specifications may be secured and the time and place for opening of bids.
1. Published Notice. Notice inviting bids shall be published at least ten calendar days before the date of opening of the bids. Notice shall be published at least once in a newspaper of general circulation, printed and published in the city, or if there is none, it shall be posted in at least three public places in the city that have been designated by ordinance as the places for posting public notices.
  2. Bidders' List. The purchasing officer shall also solicit sealed bids from all responsible prospective suppliers whose names are on the bidders' list.
  3. Internet Posting. The purchasing officer may also advertise pending bids for purchases or sales on the city's web page.
- D. Bidder's Security. When required by law or deemed necessary by the purchasing officer, bidder's security may be prescribed in the notice inviting bids. Bidders shall be entitled to the return of their bid security; except that a successful bidder shall forfeit all or part of his or her bid security upon refusal or failure to execute the contract within ten days after the notice of award of contract has been mailed, unless the city is responsible for the delay. The city council may, on refusal or failure of the successful bidder to execute the contract, award it to the next lowest responsible bidder. Thereafter, if the city council awards the contract to the next lowest bidder, the amount of the lowest bidder's security shall be applied by the city to the difference between the low bid and the second lowest bid, and the surplus, if any, shall be returned to the lowest bidder.
- E. Bid Opening Procedure. Sealed bids shall be submitted to the purchasing officer and shall be identified as bids on the envelope. Bids shall be opened in public at the time and place stated in the notice inviting bids. A tabulation of all bids received shall be available for public inspection during regular business hours for a period of not less than thirty calendar days after the bid opening.
- F. Rejection of Bids. In its discretion, the city council may reject any and all bids presented and, if it is in the city's best interest to do so, readvertise for bids.
- G. Award of Contracts. After evaluation of bids, contract shall be awarded by the city council to the lowest responsible bidder except as otherwise provided in this chapter. In determining the lowest responsible bid, considerations shall include but not be limited to such factors as (1) whether any portion of the state sales tax payable on the article which is the subject of the bid will be rebated to the city by reason of awarding such contract to a person or firm domiciled within the city, (2) total life-cycle costs, and/or (3) residual value.
- H. Tie Bids. If two or more bids received are for the same total amount or unit price, with quality, service, and factors considered in Section 3.20.100(E) above, being equal and if the public interest will not permit the delay of readvertising for bids, the city council may accept the lowest bid determined by toss of a coin performed at a time as soon after the bid opening as is possible.
- I. Performance Bond. The city council shall have authority to require a performance bond before entering a contract in such amount as it shall find reasonably necessary to protect the best interests of the city. If the city council requires a performance bond, the form and amount of the bond shall be described in the bidding documents.

(Ord. No. 1849, § 2, 9-7-2011)

### 3.20.105 Public works projects.

Public works projects under twenty thousand dollars may be advertised for and contracted by staff as authorized under this chapter. Public works contracts over twenty thousand dollars shall be approved by council. Public works project bid disputes, rejections, and other exceptions shall be agendized for council action regardless of contract value.

(Ord. No. 1849, § 2, 9-7-2011)

### 3.20.106 Local hire policy and apprenticeship.

A. Generally. The city of Lodi suffers economically as evidenced by unemployment rates, and the Lodi city council supports improving the economic well being of the city by increasing employment opportunities for citizens of Lodi and the surrounding communities.

The city of Lodi periodically awards construction contracts, which employ significant numbers of employees in various trades, and many city and San Joaquin County residents possess the skills required of such construction efforts and are in need of employment.

B. Local Hire:

1. Bidders on construction projects shall complete a bidder local hire information form and checklist. The form shall be submitted with all construction bids in excess of two hundred thousand dollars, which indicates the bidder's effort to employ local hire. A copy of the local hire information form and checklist is attached [by reference] as exhibit A and shall be included in all bid packages with an engineer's estimate over two hundred thousand dollars. Unless this provision conflicts with a state law, federal law, regulation, or funding requirement, bidders who fail to establish a good faith local hire effort shall be rejected as non-responsive.
2. In the event that two or more bids are the same and the lowest, the city shall award the contract to the bidder that made the most significant effort to employ local residents as indicated on the bidder local hire information form.

C. Local Apprenticeship Program. Unless the provision would conflict with a state law, federal law, regulation, or funding requirements applicable to a particular contract for a public works project, city contracts for public works in excess of two hundred thousand dollars shall contain provisions pursuant to which each contractor or subcontractor shall make a good faith effort to employ apprentices who are enrolled in and participating in an apprenticeship program serving the San Joaquin Valley and approved by the state department of apprenticeship standards. **MEMORANDUM, City of Lodi, Public Works Department**

**To:** Interim City Manager  
**From:** Public Works Director  
**Date:** April 15, 2014  
**Subject:** Contracting Services With Local Businesses

At the February 11, 2014 meeting, the following request for information was logged by the City Clerk.

**Council Member Johnson, in concurrence with Mayor Pro Tempore Hansen and Council Member Mounce, requested information regarding utilizing local businesses for City projects, power washing or repainting downtown areas, and bidding for the Hutchins Street Square carpet replacement project.**

The City Council adopted a local hire ordinance encouraging City contractors to employ local workers. An excerpt of the Local Hire Information Form and Checklist is provided below. A copy of the form is provided as Attachment A. The Local Hire Ordinance text can be found in LMC Section 3.20.106. Local businesses are defined as businesses within the County as specified in the local hire ordinance. Council adopted a local hire ordinance in 2012. As indicated in the City Attorney's staff report provided in Attachment B leading up to the ordinance, local mandates or preferences are subject to legal challenge.

Local Hire: The City of Lodi has adopted a policy goal to strongly encourage local hire and apprenticeship participation in the construction workforce in accordance with City Council policy. Bidder's attention is directed to the following provisions relating to this policy:

- a. For purposes of this policy only, the definition of contractor is limited to the total workforce of the prime or principal contractor and all subcontractors who will work in San Joaquin County under the construction contract.
- b. A "local hire" is defined as an employee whose residence is within San Joaquin County at the time of opening of bids for the project.
- c. Bidders are to complete the "Bidder Local Hire Information Form and Checklist".

Lodi Purchasing Requirements are located in the LMC Section 3.20. A summary of the Purchasing Requirements is provided in Attachment C. A summary is provided below.

Purchases up to \$2,500	Bidding is discretionary	Department approval
Purchases \$2,500 - \$10,000	Three written quotes required	Department approval
Purchases \$10,000 - \$20,000	Three written quotes required	City Manager approval
Purchases over \$20,000	Formal bid process	Council approval
Public Works Projects \$5,000 - \$15,000	Formal bid process	Department approval

## Contracting Services with Local Businesses

Bidding for the Hutchins Street Square carpet replacement project would need to follow the purchasing procedures for a project expected to cost more than \$20,000. The Hutchins Street Square Foundation is providing approximately one-half of the funding for the new carpet and has firmly requested the new carpet match the old carpet. The old carpet was a custom weave and special "casino" grade carpet. To insure a carpet specialist was contracted to do this project, staff deferred to the US Communities contracting service and selected the company, Empire Today, that recently completed the City Hall carpet replacement project. The rationale is that City staff are not specialists in carpet replacement projects and inexperienced in preparing technical specifications for this type of work.

Regarding the cleaning of the downtown area sidewalks, the former City Manager advised this activity had been the responsibility of the DLBP and was now the responsibility of the Visit Lodi group that took on the other DLBP activities. The City contracts for regular cleanup of the downtown streets and sidewalk using United Cerebral Palsy teams. It is not advisable to paint the downtown sidewalks as this would create a worse maintenance condition than bare concrete.

A listing of projects awarded to local contractors by various Public Works divisions over the past three years is provided in Attachment D. Other departments were not surveyed to determine their projects awarded to local contractors.

Please let me know if you have any questions.

Local Hire: The City of Lodi has adopted a policy goal to strongly encourage local hire and apprenticeship participation in the construction workforce in accordance with City Council policy. Bidder's attention is directed to the following provisions relating to this policy:

- a. For purposes of this policy only, the definition of contractor is limited to the total workforce of the prime or principal contractor and all subcontractors who will work in San Joaquin County under the construction contract.

2. Bidders on construction projects will be required to complete a Local Hire Information Form to be submitted with construction bids in excess of \$200,000, which indicates the bidder's effort to employ local hire.
3. In the event that two or more bids are the same and the lowest, the City shall award the contract in accordance with the best intended effort of the bidder to employ local residents as indicated on the bidder Local Hire Information Form.
  - a. Contracts estimated by the City to be less than \$200,000 do not have a local hire goal.

### Apprenticeship Program:

Unless such provision would conflict with a state or federal law or regulation applicable to a particular contract for a public works project, City contracts for public works in excess of \$200,000 shall contain provisions pursuant to which each contractor or subcontractor shall make a good faith effort to employ apprentices who are enrolled in and participating in an apprenticeship program serving the San Joaquin County and approved by the State Department of Apprenticeship Standards. This apprenticeship requirement shall apply for each apprenticeshipable craft or trade in which the contractor employs workers in performing any of the work under the contract. A contractor may evidence its good faith effort by complying with California Labor Code Section 1777.5 and the implementing regulations and seeking apprentices from apprenticeship programs serving the San Joaquin County.

A contractor employing apprentices pursuant to this section shall employ apprentices in a ratio consistent with the provisions of the California Labor Code or Federal requirements as applicable for federal aid contracts. AGENDA ITEM I-1

CITY OF LODI  
COUNCIL COMMUNICATION

**AGENDA TITLE:** Provide Staff Direction Regarding Drafting Local Hiring Ordinance

**MEETING DATE:** January 19, 2011

**PREPARED BY:;** City Attorney's Office

**RECOMMENDED ACTION:** Provide staff direction regarding drafting local hiring ordinance.

**BACKGROUND INFORMATION:** The City Attorney's office was asked by Mayor Pro Tempore Mounce to research and present initial options for a local hiring ordinance. It is important to recognize at the outset however, that there are a number of legal impediments to the most direct form of a local hiring program: simply requiring contracts to be awarded only to businesses located in the city, or businesses that have a specified percentage of employees residing in the city.

There are a number of legal obstacles to such ordinances. Public Contracts Code Section 20162 requires General Law cities such as Lodi to award Public Works contracts (generally meaning the construction, repair, or improvement of a public building, or public infrastructure) to the lowest bidder. The Code makes no exception based on a preference for local residents. Moreover, a number of courts have concluded that local hiring ordinances may violate the Equal Protection Clause, the Commerce Clause of the U. S. Constitution, and the California Constitution's right to work and travel. (*United Bldg & Construction Trades v. City of Camden* 79 L.Ed 2d 249 (1984) and *Cooperrider v. Civil Service Commission* 97 Cal App 3d 495 (1979).)

The Charter City of San Francisco's local hiring ordinance survived constitutional challenge however, because it was allegedly designed to remedy the competitive disadvantages faced by businesses housed in San Francisco (namely high cost) and not by a general desire to favor local residents over those outside the City and County of San Francisco. (*Associated General Contractors v. City and County of San Francisco* 813 F. 2d 922 (9th Cir. 1987).

To address these challenges some cities have adopted ordinances that require good-faith efforts by contractors to hire workers who reside locally. Typically these ordinances do not require a quota, but instead operate similarly to the Disadvantaged Business Outreach requirements frequently imposed as a condition of federal funding and familiar to many large-scale contractors. Simply put, a contractor and its subcontractors are required to advertise locally in an effort to hire local workers for the public project, and are required to supply evidence that it has done so. Examples of such programs from Pasadena and Stockton are attached as exhibits A and B.

Given Lodi's smaller population, staff requests direction regarding both the goal percentage for local hires and the definition of local residents. It may be unrealistic to assume that Lodi alone has a sufficient supply of plumbers, framers, masons and other trades to supply 50-percent of the work force for a major public project. It is unknown whether a number of contractors that would commonly be considered local, such as A.M. Stephens, F&H Construction, Ford, DSS, and Diede Construction, employ a sizeable number of local workers. One alternative is to broaden the definition of local resident to San Joaquin

**APPROVED:**   
Konradt Bartlam, City Manager

County, or another geographic area. Informal discussions with employees of these firms suggest that between 20 and 40 percent of their workers actually reside in Lodi and most felt they would have a hard time finding sufficient workers residing in Lodi to meet a 50-percent goal. At this stage, staff suggests that Council first give direction regarding whether it desires to pursue a local hiring preference. If Council does want to pursue the ordinance, staff recommends Council direct Public Works, Electric Utility, and the City Attorney's office to conduct open meetings with the construction industry. The meetings will be intended to explore concerns regarding the ordinance to insure that however it is ultimately crafted it operates effectively. Staff will then return with further recommendations if Council desires to pursue the ordinance.
