

# CITY OF LODI COUNCIL COMMUNICATION

TM

**AGENDA TITLE:** Lodi General Plan Update  
**MEETING DATE:** December 12, 2007 (Special Joint Meeting w/Planning Commission)  
**PREPARED BY:** Rad Bartlam, General Plan Project Manager

**BACKGROUND INFORMATION:** The scheduled General Plan Update meeting for December 12, 2007, will provide the City Council and Planning Commission with information concerning the community workshop and survey completed earlier this year. Additionally, members will receive presentations by the consultant team on the four working papers that were distributed several weeks ago. The working papers have also been made available on the General Plan Update page of the City's website. Finally, it is anticipated that there will be ample time allotted to answer any questions or respond to comments regarding this subject matter. As mentioned previously, the working papers and community workshop provide a foundation for the consultants work moving forward. Much of the content is factual data concerning each topic area and is not meant to answer any particular question.

The final portion of the evening's activities will focus attention on the next phase of the update having to do with alternative development. The intent is to lead a discussion regarding several topic areas such as:

- Where to grow
- How much to grow (land use mix and balance)
- Character of development
- Transportation
- Public facilities
- Sustainability

This list is not meant to be exclusive, but we will certainly want to cover these subject areas.

**FISCAL IMPACT:** N/A

**FUNDING AVAILABLE:** N/A
