2nd Year of Two Year

FINANCIAL PLAN AND BUDGET

**CITY OF LODI
CALIFORNIA**

Revised Draft

2004-05
FINANCIAL PLAN AND BUDGET

Larry Hansen, Mayor
John Beckman, Mayor Pro Tempore
Susan Hitchcock, Council Member
Emily Howard, Council Member
Keith Land, Council Member

H. Dixon Flynn, City Manager

Prepared by the Staff
of the
City of Lodi

CITY OF LODI, CALIFORNIA

Section A
INTRODUCTION

2004-05 FINANCIAL PLAN AND BUDGET

DIRECTORY OF OFFICIALS AND ADVISORY BODIES

CITY COUNCIL

Larry Hansen, Mayor
John Beckman, Mayor Pro Tempore
Susan Hitchcock, City Council Member
Emily Howard, City Council Member
Keith Land, City Council Member

ADVISORY BODIES

Budget Committee
Planning Commission
Library Board
Arts Commission
Youth Commission

To advise City Council on Budget policies
Site Plan and Architectural Review Committee
Recreation Commission
Senior Citizens' Commission
East Side Improvement Committee

MANAGEMENT

H. Dixon Flynn, City Manager
Steve Schwabauer, Interim City Attorney
Susan Blackston, City Clerk
Jerry Adams, Police Chief
Tony Goehring, Interim Parks and Recreation Director
Konrad Bartlam, Community Development Director
Janet S. Keeter, Deputy City Manager
Tea Silvestre, Community Center Director
James Krueger, Finance Director
Nancy Martinez, Library Services Director
Joanne Narloch, Human Resources Director
Mike Pretz, Fire Chief
Richard Prima, Public Works Director
Alan Vallow, Electric Utility Director

REPORT PRODUCTION AND ANALYSIS

Budget Review Team

H. Dixon Flynn, City Manager
Janet S. Keeter, Deputy City Manager
Janet L. Hamilton, Management Analyst, Administration
Joanne Narloch, Human Resources Director
Maxine Cadwallader, Revenue Manager
James Krueger, Finance Director
Ruby Paiste, Accounting Manager
Cory Wadlow, Senior Accountant

Departments

Jerry Adams, Chief, Police
Ann Areida-Hintz, Senior Services Coordinator, Community Center
Tony Goehring, Interim Parks & Recreation Director, Parks & Recreation
Konradt Bartlam, Community Dev. Director, Community Development
Frank Beeler, Asst. Water/Wastewater Superintendent, Public Works
Susan Bjork, Management Analyst, Parks and Recreation
Susan Blackston, City Clerk, City Clerk's Office
George Bradley, Street Superintendent, Public Works
Dennis Callahan, Fleet and Facilities Manager, Public Works
Kirk Evans, Senior Management Analyst, Human Resources
Tiffani Fink, Transportation Manager, Public Works Transit
Betsy Gandy, Management Analyst, Police
Mel Grandi, Electric Service Manager, Electric Utility
Del Kerlin, Wastewater Assistant Treatment Superintendent, Public Works
Ronnie Kramer, Finance Technician, Finance
Rob Lechner, Customer Programs Manager, Electric Utility
Steve Mann, Information Systems Manager, Information Systems
Nancy Martinez, Library Services Director, Library
Tyson Mordhorst, IS Programmer/Analyst, Finance
David Morimoto, Senior Planner, Community Development
Peggy Nicolini, Legal Secretary, City Attorney's Office
Verne Person, Fire Division Chief, Fire
Mike Pretz, Fire Chief, Fire
Richard Prima, Public Works Director, Public Works
Boris Prokop, Manager, Rates and Resources, Electric Utility
Gregory Ramirez, Administrative Secretary, Community Center
Steve Schwabauer, Interim City Attorney, City Attorney's Office
Jim Siemers, Building Inspector, Community Development
Tea Silvestre, Community Center Director,
Nancy Spinelli, Accounts Clerk, Finance
Linda Tremble, Administrative Secretary, Electric Utility
Alan Vallow, Electric Utility Director, Electric Utility

Section B
POLICIES AND OBJECTIVES

2004-05 FINANCIAL PLAN AND BUDGET

BUDGET POLICIES

B. City Manager

The City Manager as the chief administrative officer, provides the City Council and staff with general direction in the development and formulation of the staff's budget recommendation. This includes: evaluating and assessing current and projected issues confronted by the City; determining the demand for services and facilities; identifying the concerns of the voters; assessing the current and projected financial condition of the City; and determining the final staff recommendation.

C. Finance Director/Treasurer

The Finance Director as the chief financial officer, is responsible for budget development and administration. This includes: developing and issuing the budget instructions and calendar; advising the City Manager on budget policies, including recommended annual target funding levels for fleet funds; reviewing budget requests to ensure they are complete and accurate; preparing the preliminary budget recommendation for review by the City Manager; and, publication of the approved budget.

D. Public Works Director

The Public Works Director is responsible for preparing the City's Capital Improvement Budget (CIB) and the City's Equipment Replacement Schedule (ERS). In this capacity, the Public Works Director works closely with the Electric Utility Director to prepare an integrated CIB and ERS in recognition of the unique responsibilities and scope of services offered by the Electric Department.

E. Department Directors

Department Directors are responsible for preparing their operating budget requests and capital budget requests in accordance with the City's budget instructions.

F. Fleet Committees

Fleet committees were established to serve the City Manager in all vehicle-related matters to include budgeting, acquisition, disposition, assignments, vehicle operations, maintenance and insurance.

G. Failure to Adopt Budget

If the City Council fails to adopt the budget by July 1 of each year, the City Council may elect one of the following courses of action until passage of a budget and the appropriation of funds: (1) Provide the City Manager with Continuing Resolution Authority to allow continued services at expenditure levels not greater than those levels approved in the prior year budget; or (2) Require staff to obtain prior approval for the expenditure (disbursement) of *materials and services in excess of \$5,000 per contract or purchase order*.

H. Public Record

The budget document will be available on-line at the City's website located at www.lodi.gov. Hard copies will be available for public perusal at the Lodi Public Library, the Finance Department and the the Carnegie Forum during Council meetings.

GENERAL REVENUE MANAGEMENT

- A. The City will seek to maintain a diversified and stable revenue base to protect it from short-term fluctuations in any one revenue source.

2004-05 FINANCIAL PLAN AND BUDGET

BUDGET POLICIES

- B. To emphasize and facilitate long-range planning, the City will project operating revenues for the succeeding five years.
- C. The City will make all current expenditures with current revenues, avoiding procedures that balance current budgets by accruing future revenues, rolling over short-term debt or borrowing reserves of one fund to another.

RECREATION AND COMMUNITY CENTER FEES

- A. Recreation service cost recovery goals are addressed as an integral component of the City's annual comprehensive user fee analysis process. It is the City's goal that a minimum of 35% of the total cost of the City's recreation and 40% of the total cost of the City's community center programs should be recovered through fees and charges for recreation activities and the use of City facilities and equipment. In achieving these overall cost recovery goals, the following guidelines will be used:
 - 1. Cost recovery for activities directed to adults should be relatively high *if not at 100% of cost*.
 - 2. Cost recovery for activities for youth should be relatively low.

Although ability to pay may not be a concern for all youth and senior participants, these are desired program activities, and the cost of determining need may be greater than the cost of providing a uniform service fee structure to all participants. Further, there is a community-wide benefit to encourage high-levels of participation in youth recreation activities regardless of financial status.
 - 3. For cost recovery activities of less than 100%, there should be a differential in rates between residents and non-residents.
 - 4. These policy guidelines are sufficient in themselves in providing direction for setting the recreation and community center fees. Although these targets may be internally useful in administering recreation fees, the City's management should have as much flexibility as possible in setting specific activity fees as long as they meet the objectives and criteria provided above; however, the Recreation Department and Community Center will prepare and submit a summary of internal cost recovery targets to the City Manager for various activity categories at least annually.
- B. Charges will be assessed for use of rooms, pools, gymnasiums, ball fields, special use areas, and recreation equipment for activities not sponsored or co-sponsored by the City. Such charges will generally conform to the fee support categories listed above.
- C. The Recreation Department and Community Center may waive fees with the approval of the City Manager when it is determined that an undue hardship exists or when in the best interest of the City.

BUDGET POLICIES

ENTERPRISE FUND FEES AND RATES

- A. The City will set fees and rates at levels which fully cover the total direct and indirect costs; including operations, capital outlay and debt service, of the following enterprise programs: electrical, water, sewer, and transit.
- B. The City will annually review and adjust Enterprise Fund fees and rates as required to ensure that they remain appropriate and equitable; and to stem large rate increases.

OTHER FEES AND RATES

A. Ongoing Review

Fees and rates will be reviewed and updated on an on-going basis to ensure that they are correct and appropriate based on the changing needs of the community, i.e. economic concerns, social issues, public safety.

B. General Concepts Regarding the Use of Service Fees and Rates

The use of fees and rates should be subject to the following general concepts:

1. Revenues normally will not exceed the reasonable cost of providing the service.
2. Cost recovery goals should be based on the total cost of delivering the service, including direct costs, departmental administration costs, and organization-wide cost such as accounting, personnel, *data* processing, vehicle maintenance and insurance.
3. The method of assessing and collecting fees should be as simple as possible in order to reduce the administrative cost of collection.
4. Rate structures should be sensitive to the "market" for similar services as well as to smaller, infrequent users of the service and the influence rates and fees have on economic development.
5. A unified approach should be used in determining cost recovery levels for various programs based on the factors discussed above.

C. Low Cost Recovery Services

Based on the criteria discussed above, the following types of services should have very low cost recovery goals. In selected circumstances, there may be specific activities within the broad scope of services provided that should have user charges associated with them; however, the primary source of funding for the operation as a whole should be general purpose revenues, not user fees.

1. Maintaining and developing public facilities that are provided on a uniform, community wide basis such as streets, parks and general purpose buildings.
2. Delivery of social service programs and economic development activities.

BUDGET POLICIES

D. Comparability with Other Communities

1. Fee surveys should never be the sole or primary criteria in setting City fees. There are many factors that affect how and why other communities have set their fees at their levels. For example:
 - a. What level of cost recovery is their fee intended to achieve compared with Lodi's cost recovery objectives?
 - b. What costs have been considered in computing the fees?
 - c. When was the last time that their fees were comprehensively evaluated?
 - d. What level of service do they provide compared with Lodi's service or performance standards?
 - e. Is their rate structure significantly different than Lodi's and what is it intended to achieve?
2. Surveys comparing the City's fees to other communities are useful background information in setting fees for several reasons:
 - a. They reflect the "market" for these fees and can assist in assessing the reasonableness of the City's fees.
 - b. If prudently analyzed, they can serve as a benchmark for how cost effective the City provides services.

These are difficult questions to address in fairly evaluating fees among different cities.

REVENUE

The Council recognizes that generally accepted accounting principles for local government discourage the "earmarking" of General Fund revenues, and accordingly, the practice of earmarking General Fund revenues for specific programs should be minimized. Approval of the following Revenue Distribution policies for **2004-05** does not prevent future Councils from directing General Fund resources to other funds and activities as necessary.

BUDGET POLICIES

transportation programs - in conjunction with other State and Federal grants for this purpose, will be self-supporting from TDA revenues. As available, TDA funds will also be used for street maintenance projects.

D. Enterprise Fund Allocations to the General Fund

1. The goal of Proposition 4 is to limit growth in appropriations of both state and local government to changes in the cost of living and population in order to control spending levels. Proposition 4 further describes the difference between "tax proceeds" and fees. Tax proceeds are the revenue from regulatory licenses, user charges and user fees to the extent the revenue exceeds the cost of providing the regulation, product or service. (This includes transfers from an enterprise fund to the extent those funds exceeded the cost of providing the services).
2. As discussed above, the funds transferred from the City's enterprise funds to the City's General Fund are "In-Lieu of Taxes" to the extent they exceed the cost of services provided by general services (accounting, personnel, legal, insurance, etc.). These taxes will be levied based on prior year revenues as follows *with changes in future years to coincide with the water/wastewater rate increases approved in April 2004*:

	<u>2004-05</u>	<u>2005-06</u>	<u>2006-07</u>
In-lieu of Tax - Electric	12%	12%	12%
In-lieu of Tax - Water	12%	9%	9%
In-lieu of Tax - Water <i>Wastewater</i>	9%	11%	9%

E. Special Revenue Allocations to the General Fund *12%*

Revenues the City receives for specific services (i.e. vehicle tow charges) will not be designated for use by an individual department unless required by statute or approved by the City Council. When required by statute (i.e. asset seizure), these funds will be first allocated to the purchase of necessary and essential equipment and/or services prior to purchase with General Fund resources.

F. Grants and Donations

Council must approve applications for grants or acceptance of donations containing restrictions that may have an impact on the budget.

G. Use of Community Development Block Grant (CDBG) Funds

Each year, the U.S. Department of Housing and Urban Development (HUD) awards cities grants to carry out a number of community development activities in an effort to revitalize neighborhoods, foster economic development and improve community facilities and services. Lodi receives those grant funds in a formula-based allocation to use to address identified community development needs.

BUDGET POLICIES

FUND BALANCE DESIGNATIONS AND RESERVES

- A. The City should maintain fund balances of at least 15%, (*if financially feasible within the constraints of available resources*) of operating expenditures in the General Fund as well as the Electric, *Wastewater*, and Water Funds. This is considered the minimum level necessary to maintain the City's credit worthiness and to adequately provide for:
1. Economic uncertainties, local disasters, and other financial hardships or downturns in the local economy.
 2. Contingencies for unforeseen operation or capital needs.
 3. Cash flow requirements.
- B. The City will establish and maintain an Equipment Fund to provide for the timely replacement of vehicles and capital equipment. This includes items with an individual replacement cost of \$3,000 or more. The minimum fund balance in the Equipment Fund should allow for annual fluctuations in expenditures while maintaining a level annual transfer and allow for emergency replacement purchases. The annual contribution to the Fund will generally be based on the annual "use allowance" which is determined based on the estimated life of the vehicle or equipment and its original purchase cost. Interest earnings and sales of surplus equipment as well as any related damage and insurance recoveries will be credited to the Equipment Fund.
- C. The Council may designate specific fund balance levels for future development of capital projects which it has determined to be in the best long-term interests of the City.
- D. In addition to the designations noted above, fund balance levels will be sufficient to meet funding requirements for projects approved in prior years which are carried forward into the new year; debt service reserve requirements; reserves for encumbrances; and other reserves or designations required by contractual obligations, state law, or generally accepted accounting principles.

INVESTMENTS

- A. Investments and cash management will be the responsibility of the City Finance Director/Treasurer or designee.
- B. The City's primary investment objective is to achieve a reasonable rate of return while minimizing the potential for capital losses arising from market changes or issuer default. Accordingly, the following factors will be considered in priority order in determining individual investment placements:
1. Safety
 2. Liquidity
 3. Yield

BUDGET POLICIES

- C. Regular employees will be the core workforce and the preferred means to staff ongoing, year-round activities rather than independent contractors. The City will strive to provide fair compensation and benefit schedules for its authorized regular work force. Each regular employee will:
1. Fill an authorized regular position.
 2. Be assigned to an appropriate bargaining unit or representative group.
 3. Receive salary and benefits consistent with labor agreements or other compensation plans.
- D. To manage the growth of the regular workforce and overall staffing costs, the City will follow these procedures:
1. The City Council will authorize all regular positions except in the case of the Library which is governed by the Library Board.
 2. The Human Resources Department will coordinate the hiring of all employees and evaluate the reallocation of existing positions.
 3. All requests for additional regular positions will include an evaluation of:
 - a. The necessity, term, and expected results of the proposed position.
 - b. Staffing and material costs including salary, benefits, equipment, uniforms, clerical support, and facilities.
 - c. The ability of private industry to provide the proposed service.
 - d. Additional revenues or cost savings which may be realized.
 4. Periodically, and prior to any request for additional regular positions, programs will be evaluated to determine if they can be accomplished with fewer regular employees under a "productivity review".
- E. Temporary employees are employees other than regular employees, elected officials, and volunteers budgeted in hours. Temporary employees will augment regular City staffing only as limited term employees, seasonal employees, emergency, intermittent, contract employees, and interns. The City Manager will encourage the use of temporary employees to meet peak workload requirements, fill interim vacancies, and accomplish tasks where less than regular, year-round staffing is required.
- F. Contract employees will be defined as temporary employees with written contracts approved by the City Manager who may receive approved benefits depending on hourly requirements and the length of their contract. Contract employees will generally be used for medium-term (generally between six months and two years) projects, programs, or activities requiring specialized or augmented levels of staffing for a specific period of time. The services of contract employees will be discontinued upon completion of the assigned project, program or activity. Accordingly, contract employees will not be used for services that are anticipated to be delivered on an ongoing basis, *unless the City is experiencing economic uncertainties with the possibility of layoffs. Under such circumstances, the contract positions may be extended as necessary to keep in check the number of permanent positions.*

Section C
CHANGES IN FUND BALANCE

2004-2005 FINANCIAL PLAN AND SUMMARY
