Welcome...

24TH EDITION

CITY OF LODI
COMMUNITY
ACTIVITY GUIDE

Dear Lodi Community and Surrounding Area,

Once again, I write to you with news of the ever changing way we offer our services to the community.

In January of 2011 Parks, Recreation and the Hutchins Street Square Community Center were combined to create the department of Parks, Recreation and Cultural Services. This official combining of the three divisions is a culmination of three years of evolving each division to better serve our community.

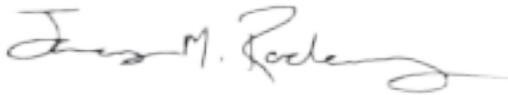

With the establishment of a new combined department, you will see an increase in customer service, breadth of program offering and a more efficient utilization of the resources required to provide activities.

You will find all of our offerings coordinated for your review at our websites via ActiveNet. This allows our patrons to shop for their specific interest offered by all divisions through one point of access.

As always, if there is an offering that you would like to see, but are unable to find in our guide, please feel free to contact us. We are always looking for new activities that may interest the community.

We hope that you enjoy our fall offerings and look forward to seeing you at our activities and programs.

Sincerely,

James M. Rodems
Director—Parks, Recreation and Cultural Services

PROJECT LODI ART PUTS LODI ON THE MAP!

News Flash!

For the past 32 years, the City Livability Awards Program has been one of the most competitive Programs sponsored by the U.S. Conference of Mayors. **Project Lodi Art** and Mayor Johnson have been recognized with the Honorable Mention Citation. Project Lodi Art was created for just this reason. City Council empowered community volunteers to enhance the livability and cultural understanding through permanent public art.

A community's livability is measured by its people and the things we do to make life more pleasurable.

CONGRATULATIONS AND THANK YOU
TO ALL OF THE COMMUNITY
VOLUNTEERS, FOR THEIR HUNDREDS OF
HOURS COMMITTED TO
PROJECT LODI ART
AND THEIR PROJECTS!

Would you like to join us!

BALLROOM DANCE

The Sady's have been teaching at Hutchins Street Square since 1999, specializing in social ballroom dancing, dances that fit on a crowded dance floor. They don't have their dancers memorize choreographed routines, but teach American style steps and techniques that are universal wherever ballroom dancers gather, are easy to remember and fit into any dance setting. It takes most people several sessions to master Level One basics for the six dances. For those that do, we have Level Two classes, expanding on the step patterns for a well rounded ballroom dance education. The exercise is good and not overly strenuous. If you have been on the sidelines, admiring others enjoy moving to the music with style and grace, why not join them? It's fun! **Fee is per couple.**

LODI PROMENADERS

SQUARE DANCING AND ROUND DANCING

Square dancing is four couples forming a square and dancing as a group. It is a physical activity, good for the mind, body and soul. It is smoke and alcohol free for a healthy environment. The calls coordinate the body and brain—physical fitness burns calories—slows and helps prevent loss of bone mass—and the social aspects of interacting in a square encourages many friendships.

Joe Vallery has over 40 year experience directing dance patterns for square dancing. He also has the experience for cueing round dancing, which is a ballroom type dance as everyone dances the same steps to the cues given to the rhythm of the music.

Recommended for ages 10 years and up. Partners not required.

Visiting Square Dancers welcome anytime! **Visiting Dancers one night fee: \$5**

There is a great deal of evidence that writing can hasten the healing process. This course offers guidance in implementing a writing program for the express purpose of rediscovering hope, health, and joy. Whether the loss is one of illness, divorce, death of a loved one, or another traumatic experience, the techniques taught here will help you to move beyond judgment, and learn to live fully each day. The class is open to caregivers as well as those suffering trauma. IMPROV COMEDY

Fun, inspiring, freeing and hilarious; if these words sound interesting, then this workshop is for YOU! Improv Comedy, made famous from "Whose Line Is It Anyway...", is one of the fastest growing skills to have in the entertainment business. Not to be confused with Stand-up comedy, Improv is where you make everything up as you go. The skills from this workshop help you think on your feet and adapt to any change in a situation. And it's not only for actors, but also for anyone who is interested in becoming more outgoing, more comfortable in social situations or getting more self-esteem. Anybody can do this! Brent Tubbs, who performs with such groups as ComedySportz, The Second City L.A., and The Reduced Shakespeare Company, has worked and performed with some of the best improvisers in Los Angeles and is thrilled to bring this art form to Lodi. Through this workshop, you will learn the basics of improv and learn what it takes to perform in an improv show. You'll laugh, you'll cry (from laughing) and you will have the time of your life. COME JOIN THE FUN!

YOU'RE ON THE AIR (HOW TO REALLY MAKE IT IN VOICE-OVERS!)

VOICE-OVERS are hot today! You don't have to be an actor to get voice-over work, but it certainly doesn't hurt! With such notable talent as Morgan Freeman, Glenn Close, and Alec Baldwin lending their voices to commercials, films, and videos, one would think that it would be next to impossible to break into this field. Not so! You'll learn about an exciting, new way to get around the competition and actually turn voice-overs into a thriving full or part-time business! Lisa Foster will discuss the voice-over business as a whole, the numerous opportunities, the incredible income potential, and will discuss the all important "demo" and how to have it produced. You'll step up to the mic and do some practice recording, and best of all, you'll hear the results!

DECORATIVE PAINTING

Have you ever thought that Decorative Painting suggested painting simple flowers on a wooden or tin plate? Yes, it can be that and so much more. Modern Decorative Painting encompasses painting any subject on virtually any surface. You can create a portrait of the family pet on canvas, a fall or winter wall hanging, colorful leaves on fabric, a still life of fruit on a wooden plate, or landscapes on any material or surface. This is in addition to creating one of a kind wearable art on T-shirts, jeans or jackets. With the use of acrylic paints and simple step by step painting procedures, almost any decorative art project can be achieved. Use your own drawings or patterns supplied by the instructor. You pick the subject.

Stop by during class hours on Monday and Thursday to observe the class in process.

Children are allowed to bring their own toys, phones, and electronics. There are rules that will apply to these items during program time. The program, staff, or the Park and Rec. Department will not be held liable if the personal items brought from home are broken, borrowed, damaged, stolen, or lost. Electronics or items brought from home must be clearly labeled.

Parents upon enrollment shall address or advise the Recreation Manager, if their child has any special needs, limitations, allergies, medical needs or behavior issues. This is for the well being of the child being enrolled as well as the children who are currently enrolled into any ASP program.

We will not be placed in the middle of a custody battle nor will we take sides. We will deal with the enrolling parent for issues, payments, and changes to all forms. If copies of documents are needed then the parent will need to have a lawyer subpoena our City Attorney. There is no online registration available and faxed copies are not acceptable for any form.
