## **Chapter 1. Salaries and Other Compensation**

### **ARTICLE I - COMPENSATION FOR ILLNESS OR INJURY INCURRED IN COURSE OF EMPLOYMENT**

- 1.1 The City and the IBEW mutually agree that when an employee is compelled to be absent from work due to injuries or illness arising out of and in the course of his/her employment, the City will pay full compensation to any represented employee who becomes eligible for benefits under Workers' Compensation laws for the period of time between the injury and the first day of eligibility for benefits. With the determination that the injury or illness is compensable in accordance with Workers' Compensation benefit criteria, the employee upon receiving said benefits paid by Workers' Compensation will also receive compensation from the City in such an amount that when added to the Workers' Compensation payment will equal his/her regular salary. The amount paid by the City will, after the period from the date of injury and date of eligibility, at the employee's discretion be charged to the employee's sick leave, vacation leave, or compensatory time off account. Such choice shall be made at the time the time cards are turned in and shall not be changed after being submitted. The employee's regular deductions shall be made from the amount paid by the City.

### **ARTICLE II - COURT APPEARANCES/JURY DUTY**

- 2.1 The IBEW concurs with the existing City policy which provides that no deduction shall be made from the salary of an employee while on jury duty.
- 2.2 If an employee covered by this agreement is required by subpoena to appear in court or to give a deposition as a result of an action taken within the scope of employment with the City, that employee will receive his/her full pay while so doing with no loss of time if he/she is on regular duty. If the employee is not on duty, the City agrees to compensate that employee at one and one-half time his/her regular pay for the time spent in any appearance as required by this article. As a prerequisite for payment to off-duty employees, the Electric Utility Director or his/her designee must be notified in writing of the off-duty appearance within seventy-two hours after the employee is subpoenaed or otherwise notified of the required court appearance.
- 2.3 Voluntary grand jury service such as that service in San Joaquin County is not covered by Jury Duty leave.

- 2.4 Swing and Graveyard Shift employees called in for jury duty for a second consecutive day will be reassigned to the Day Shift, Monday through Friday for the remainder of the jury duty.

### **ARTICLE III - OVERTIME**

- 3.1 Overtime work is work performed by an employee at times other than those normally required for his/her employment and includes time worked as follows:
1. in excess of forty hours in a work week,
  2. in excess of nine hours in any work day,
  3. time worked outside of regular hours of work on a work day,
  4. time involved on non-work day, and
  5. time worked on a holiday.

Overtime, except as provided for in Article V, Section 5.1 shall be compensated as follows:

1. Prearranged at the rate of one and one-half times the straight time rate of pay. Prearranged work shall mean that the employee was notified of the work prior to the end of the preceding regular workday. All other work shall be considered “non-prearranged” or “emergency” work.
  2. All other overtime at the rate of two times the straight time rate of pay. The time worked in excess of 12 consecutive hours and continuing until the employee is dismissed from such work shall be paid at the rate of two times the employee’s straight time rate of pay. Any time worked on a holiday will be paid at two times the employee’s rate of pay.
- 3.2 The City may change the hours of work as stated in 25.1 after consultation with the employees and the employee organization involved, provided however that no change or alteration of hours or schedules will be made for the sole purpose of avoiding the payment of overtime.
- 3.3 Employees who are required to report for work on their non-work days, or holidays, shall be compensated at the overtime rate for actual hours worked, but in no event shall they be paid for less than two hours.
- 3.4 Any employee reporting for prearranged work wholly outside of his/her regular hours on a regular work day shall be compensated at the overtime rate for actual time worked, but in no event shall he/she be paid for less than two hours.

- 3.5 Any employee refusing to work on a holiday after having received forty-eight hours of such work scheduling, and having failed to secure a replacement with management approval, shall not be compensated for that holiday.
- 3.6 Overtime shall be distributed as equally as possible among those employees in the same classification who voluntarily sign the biweekly overtime call-out list. The City reserves the right for emergency call-out work to first call employees on the list who meet a 20-minute response time requirement. The City retains the right to call any qualified City employee to fill in crews after the overtime list is exhausted. No employee shall be required to trade time for the purpose of avoiding payment of overtime.
- 3.7 Employees may exchange work days with other employees in the same classification provided:
  1. both employees are agreeable to the exchange; and
  2. neither employee work more than forty hours during the work week involved; and
  3. the exchange receives management authorization.
- 3.8 When, at the request of the supervisor in charge, an employee reports for prearranged work:
  1. On work days outside of his/her regular work hours he/she shall be paid overtime compensation for actual work time in connection therewith, provided however, that if any such employee continues to work into or beyond his/her regular work hours he/she shall be paid overtime compensation only for actual work time up to his/her regular work hours.
  2. On non-work days or on holidays he/she shall be paid overtime compensation for actual work time in connection therewith. For the purpose of this section prearranged notice has been given by the end of his/her preceding work period on a work day.
- 3.9 Subject to the following limitations, any employee eligible for overtime pay may choose to accept compensatory time off (CTO) in lieu of cash compensation for earned overtime. CTO will be granted at the applicable overtime rate for each hour of overtime earned.
- 3.10 The maximum accumulation of CTO at any time shall be limited to 240 straight time hours, but will be reduced to 120 hours and paid at the current hourly rate of pay in the first full pay period in January of each year. The employee may request to reduce his/her accumulation to an amount below the mandatory reduction to 120 hours. In addition, an employee may request pay off of any portion of his/her compensation on the first of April, July and October.
- 3.11 An employee shall decide whether earned overtime will be recorded as overtime, CTO, or an equivalent combination prior to submission of their next time card. Such decision shall be irrevocable subsequent to the submission of the time card.

- 3.12 An employee's request to use accumulated CTO shall be granted at the sole discretion of the department supervisor with due consideration to both the wishes of the employee and the efficient conduct of City business. Two working days notice is required. However, if the supervisor feels the workload is such that shorter notice is acceptable, he/she may grant CTO accordingly.

#### **ARTICLE IV - SALARY**

The Electric Line Apprentice I or II will advance from step to step, when the Electric Utility Director or his/her designee determines that the Electric Line Apprentice I or II has achieved the qualifications necessary for such advancement and approvals are received pursuant to Lodi policies and procedures.

An Electric Line Apprentice I or II will be paid when working or training on-the-job in the field.

An Electric Line Apprentice I or II will be entitled to straight time pay for up to 40 hours per week and for reasonable expenses in accordance with Lodi policies and procedures, subject to approval, while training one week per year at JATC’s facility. An Electric Line Apprentice I or II will not be entitled to pay or expenses for weekend training at JATC facilities.

Apprenticeship classroom training by Lodi personnel or at Lodi facilities will be on paid time if during normal work-hours or unpaid if outside normal work-hours. Study will normally be outside of work hours, and without pay, but the Electric Utility Director or his/her designee may permit limited apprenticeship study during paid work-hours, workload permitting, typically during inclement weather.

Electric Line Apprentices I or II are on probation at all times while they are classified as Electric Line Apprentices I or II.

4.4 Effective the beginning of the pay period which includes January 1, 2015, the Rubber Glove premium was incorporated into base pay and there shall be no additional premium pay for Rubber Glove. The Rubber Glove premium shall become a job requirement of applicants and incumbents currently receiving the premium, and as such, it will be incorporated into salary. For call-outs related to paid standby duty, the employee will be compensated at the rate of one and one-half times the straight rate of pay, with a two-hour minimum for the first call, in addition to the appropriate standby pay (no offset). This applies to all types of standby assignments. However, when it becomes necessary for the employee on standby to become part of a crew, he/she will be compensated at the rate of two times the straight rate of pay for all hours worked as a member of such crew.

For purposes of this provision, a crew shall be defined as three or more employees engaged in a common task.

When it becomes necessary to dispatch a crew to accomplish the emergency work, every effort will be made to dispatch an entire crew so that the employee on standby duty can be released from that situation and be available to respond to additional calls. If the Electric Distribution Operator is unable to dispatch an entire crew and the standby employee is required to work as a member of the crew, the standby employee will be paid at the rate of two times the straight time rate of pay, commencing at the time the last attempt was made to contact an employee from the call out list i.e. “once through the list.” In the case where the above situation is the first call of the standby period, the employee on standby duty shall be paid no less than an amount equal to two hours at the time and one-half rate.

In addition to the “Standby Duty Pay” (above) the employee on standby shall be paid at the rate of one & one half times the straight time rate of pay for time worked on emergency calls. The first call-out will be paid at two hours minimum at the overtime rate. Subsequent calls will be paid for actual time worked at the overtime rate. Time worked on an emergency call shall be paid at the rate of one and one half times the straight time rate of pay with a minimum of two hours (there will be no offset on standby pay), subsequent calls will be paid for actual time worked.
- 5.3 If an employee assigned to standby duty is called for emergency work more than once in a twenty-four hour period from midnight to midnight, minimum overtime compensation shall be paid only for the first call outside of such employee's regular work hours on work days or at any time on his/her non-work days; for subsequent calls overtime compensation shall be paid for his/her actual work as herein provided. For the purpose of this section, concurrent calls or successive calls without a break in work time shall be considered as a single call. **ARTICLE VI - TEMPORARY UPGRADE**

- 6.1 The City of Lodi and the IBEW mutually agree that any Electric Utility Department employee temporarily assigned to a higher classification than their regular classification shall receive a 10% wage increase while in this status. This provision shall only apply when such time worked is more than four hours cumulative during an eight-hour period.
- 6.2 When, in accordance with Section 6.1 above, the City requests members of a line crew to temporarily replace their foreman/forewoman and all members of the crew refuse to accept the assignment, the City reserves the right to send these crew members home without pay, if in the City's judgment, their safety or the satisfactory completion of their work depends upon supervision by a qualified individual assuming foreman/forewoman responsibilities. Normal crew work would resume when the City deems that adequate supervision is available.

The exit meeting will discuss health benefit options (COBRA), sick leave conversion (if applicable), information on obtaining CalPERS benefit estimates; service and disability retirements, employee association options, and any other benefits the employee is entitled to.

**ARTICLE XXII - SICK LEAVE CONVERSION**

22.1 For all unused sick leave, a represented employee with ten years of employment with the City shall receive medical insurance coverage upon retirement (but not upon resignation or termination) on the following basis: 50% of the dollar value of sick leave will be placed into a bank to be used for medical insurance premiums for the employee and dependent. For each year that an employee has been employed in excess of 10 years, 2 1/2% will be added to the 50% for valuing the size of the bank.

Robert Smith retires with 20 years service and 1800 hours of unused sick leave. His monthly salary is \$3,882.72 (24.64 per hour).

$$1800 \times .75 \times \$24.64 = \$33,264.00$$

This amount will be reduced each month by the current premium for the employee and dependent until the balance is gone. In the event the retiree dies, the remaining bank will be reduced by 50% and the survivor may use the bank until the balance is gone.

22.2 In the event an active employee dies before retirement and that employee is vested in the sick leave conversion program, the surviving dependents have an interest in one-half of the value of the bank as calculated in section 22.1. In accordance with the sick leave conversion provisions, a surviving spouse may, at his/her own expense, continue medical insurance at the employee only premium.

22.3 A surviving spouse of an unvested employee may, at his/her own expense, continue to purchase medical insurance at the appropriate rate for a period of time equal to the time the employee worked for the City.

22.5 Represented employees who retire on a service retirement shall have the option of purchasing, at the employee's cost, additional medical insurance for the employee and his/her spouse sufficient to reach age 65.

22.6 Out of area retirees may receive reimbursement for medical insurance premiums up to the City's liability as specified in Section 22.1.

22.7 The City has modified its contract with PERS to add credit for unused sick leave per Government Code Section 20868.8. This benefit is available to all employees regardless of date hired; however, it is the only sick leave conversion benefit available to employees hired after January 1, 1995. It is agreed that eight hours equals one day for purposes of determining days creditable. Employees who are eligible, may, for any of the options in this section, utilize one or any combination of options provided that the total amount of hours used does not exceed the amount of sick leave hours accumulated at the time of employee's retirement.”

**ARTICLE XXIII - VISION INSURANCE**

- 23.1 The City agrees to provide a vision care plan, equivalent to the VSP Plan B, with a \$25.00 deductible for the employee and dependents; the entire premium to be paid by City.

**ARTICLE XXIV – FLEXIBLE SPENDING ACCOUNT**

- 24.1 The City will maintain a pre-tax “flexible spending account” to conform to IRS regulations to be used for premium contributions, dependent care and/or un-reimbursable medical payments for unit members. Effective in plan year 2018, the Medical Flexible Spending Account (FSA) will include a carryover provision which allows an active participant to automatically carryover up to \$500 to the new plan year. However, amounts over \$500 would be forfeited after the final filing date, if left unclaimed.

- 24.9 Prior to issuance of a replacement pair of prescription safety glasses for payment by the City, the employee shall discuss with and receive approval from the immediate supervisor and department head. The criteria for issuance of a replacement pair of safety glasses are as follows:
1. If safety glasses are damaged due to an accident on the job, the safety glasses will be replaced and paid for by the City.
  2. If safety glasses are lost or damaged off the job, the employee will pay the total amount for replacement.
  3. If an employee requires a change of prescription for safety glasses, the employee must submit a written statement from the eye doctor stating that the prescription change is necessary.
  3. If safety glasses are unsafe due to normal wear and tear, the City shall approve a replacement pair as specified above.
- 24.10 The following conditions on the part of any applicable employee shall be grounds for the cost of the employee's issued safety glasses to be deducted from the employee's payroll check after a determination of cost has been made by the City:
1. Where the city would be required to replace issued safety glasses due to abuse by the employee.
  2. Failure on the part of an applicable employee to wear or utilize issued safety glasses unless otherwise agreed to in writing.

The Relief Operator will resume the operator's shift(s) on the operator's first "Regular Day Off" prior to the leave, and continue working the shift(s) until the last day of the operator's requested leave, i.e. last day of shift(s). At this time, the Relief Operator will assume his/her regular schedule.

B. Less than a full shift, including Thursdays. (Overlap day)

1. The Relief Operator will shift his/her hours to cover the leave Monday through Wednesday.
2. Thursday shift will be covered by the Electric Distribution Operator scheduled to work the following weekend. (Thursday through Sunday)
3. If the regularly scheduled weekend Electric Distribution Operator is unable to report for work on Thursday or has taken scheduled leave, the shift shall be covered by the Relief Operator regularly scheduled for that week.
4. Weekend leave (Friday, Saturday and Sunday) shall be covered by the "Regular Day Off" Utility Department Operations Division employee with the least amount of accumulated overtime in that pay year at the time of the request. If an employee declines to work the shift(s), it shall be counted as a shift(s) worked for overtime record purposes. The assigned supervisor will keep a record of all overtime hours on a pay year basis. When the overtime totals are the same for the two employees to be called, it shall be "Last Worked, Last Called." Note: Regular scheduled work on a holiday shall not be considered as overtime for the purpose of computing accumulated overtime.

**ARTICLE XXX - ELECTRIC DISTRIBUTION OPERATOR PROCEDURE**

30.1 Phone calls on line 368-5735, under normal conditions, will be answered by an answering service during the time period 2215-0630 hours. The answering service will dispatch an Electric Troubleshooter or Troubleshooting Supervisor to the scene and he/she will investigate the problem. If the Electric Troubleshooter determines that an Electric Distribution Operator is necessary, he/she will contact the answering service and request that the Standby Electric Distribution Operator be called. The Electric Troubleshooter will be in radio contact with the answering service at all times. In addition, the Electric Troubleshooter will be provided a pager which the answering service can operate.

Once the Standby Electric Distribution Operator arrives at the Operations Center, he/she will contact the answering service and report "on-duty." At this point, all established operating procedures take effect, i.e. Electric Distribution Operator requests additional people, conducts switching, prepares service tickets, maintains system log, etc. The Electric Distribution Operator or Relief Operator will remain on duty until the system is back in a "normal" status, before control again is turned over to the answering service.

The Electric Troubleshooter or Troubleshooting Supervisor will record "time called" and "time back home" on all calls in the time period 2215-0630 hours. This information is to be given to Operations the following morning, for preparation of proper service tickets, etc.

A no-power call dispatched by the answering service and investigated by the Electric Troubleshooter or Troubleshooting Supervisor, found to be an "SNP", will be turned on by the Electric Troubleshooter or Troubleshooting Supervisor. This action will be reported to the Finance Division the following work-day morning.

Alarms will be grouped as electric, water, storm, intrusion and White Slough (2). These alarms will go to the answering service. The answering service will call out appropriate personnel, based on a call-out list provided by the respective departments. An intrusion alarm at the Operations Center shall be reported to the Police Department followed by the Standby Operator.

In the event any of the alarms to the answering service, except the White Slough alarms, are out of order at 2215 hours, the swing-shift Electric Distribution Operator will remain on duty. The Electric Distribution Operator will likewise remain on duty until all trouble calls are completed, alarms cleared and the system is in a "normal" status, before transferring control to the answering service unless otherwise directed by a supervisor. When transferring control to the Electric Distribution Operator or Relief Operator, the answering service will advise as to current status.

If the City: 1) Fails to timely notify the IBEW and provide the required information; 2) Fails to allow an IBEW representative to be present at negotiations involving the transaction in question; or 3) Fails to secure an enforceable agreement of the successor to assume the City’s obligations under this Agreement, the City shall be liable to the IBEW and to the bargaining unit employees covered by this Agreement for any and all damages sustained by the IBEW and the bargaining unit employees for such failure.

**ARTICLE XXXVI- - GRIEVANCE PROCEDURE**

36.1 Disputes involving the following subjects shall be determined by the Grievance Procedures established herein:

- A. Interpretation or application of any of the terms of this agreement, including Exhibits thereto, Letter of Agreement, and formal interpretations and clarifications executed by IBEW and City.
- B. Discharge, demotion, suspension, or discipline of an individual employee.
- C. Disputes as to whether a matter is proper subject for the Grievance Procedure.
- D. Disputes which may be of a "class action" nature filed on behalf of the IBEW or the City.

36.2 Class action grievance will be in writing from the Business Representative to the City Manager or vice versa.

36.3 **STEP ONE**

Discussion between the employee, the Shop Steward and/or Business Representative and the Division Head or designated Supervisor directly involved, who will answer within fifteen work days. This step shall be taken within thirty days of the date of the action complained of, or the date the grievant became aware of the incident which is the basis of the grievance.

36.4 **STEP TWO**

If a grievance is not resolved in the initial step, the Step Two shall be a discussion between the employee, Shop Steward and/or Business Representative and the Department Head who shall answer within fifteen work days. This step shall be taken within fifteen work days of the date of the immediate Supervisor's answer in Step One.

36.5 **STEP THREE**

If a grievance is not resolved in the Step Two, a committee will be called to investigate the factual basis of the grievance. The committee shall consist of a representative of the City Manager, the departmental supervisor, the Department Shop Steward and Business Representative. Step Three shall be taken within fifteen work days of the date of the answer in Step Two.

36.6 **STEP FOUR**

If a grievance is not resolved in Step Three, Step Four shall be the presentation of the grievance, in writing, by the Business Representative to the City Manager, who shall answer, in writing, within fifteen work days of receipt of the grievance. Step Four shall be taken within fifteen work days of the date of the answer in Step Three.

36.7 STEP FIVE

If a grievance is not resolved by the City Manager, arbitration shall be the final step of appeal for grievances and discipline. It is agreed by both parties that the decision of the arbitrator is binding and final on both parties and that if this procedure is utilized all other avenues of appeal are waived. If arbitration is chosen the City must be notified within fifteen calendar days of the City Manager's decision.

Within ten calendar days after the request for arbitration is received by the City, or at a date mutually agreed to by the parties, the parties shall meet to select an impartial arbitrator. If no agreement is reached at this meeting, the parties shall immediately and jointly request the State Conciliation and Mediation Service to submit to them a panel of five arbitrators from which the City and the IBEW shall alternately strike names until one name remains; this person shall be the arbitrator. If the State Conciliation and Mediation Service cannot provide a list of five arbitrators, the same request shall be made of the American Arbitration Association.

To insure that the arbitration process is as brief and economical as possible, the following guidelines shall be adhered to:

- a. An arbitrator may, upon mutual consent of the parties, issue a decision, opinion or award orally upon submission of the arbitration.
- b. Both parties and the arbitrator may tape record the hearing.
- c. There shall be no official transcript required; however, either party may utilize a court reporter at its own sole expense. The cost of a court reporter required by an arbitrator shall be shared equally by the parties.
- d. The parties may agree to prepare a joint letter submitting the issue in dispute. The letter shall present the matter on which arbitration is sought and shall outline the MOU provisions governing arbitration. It may contain mutually agreed on stipulations of fact and it may be accompanied by any documents that the parties mutually agree shall be submitted to the arbitrator in advance of the hearing which may not necessarily be stipulations of fact. Further, if the parties mutually agree, the entire matter may be submitted to arbitration for review without hearing. Absent agreement to prepare a joint letter, the parties may submit separate letters.
- e. The strict rules of evidence are not applicable and the hearing shall be informal.
- f. The parties have the right to present and cross examine witnesses, issue opening and closing statements, and file written closing briefs. Testimony shall be under oath or affirmation.
- g. The arbitrator may exclude testimony or evidence which he/she determines irrelevant or repetitious.

- h. Attendance at a hearing shall be limited to those determined by the arbitrator to have a direct connection with the appeal. Witnesses normally would be present at the hearing only while testifying and should be permitted to testify only in the presence of the employee or his/her representative and the employer's representative.
- i. The arbitration hearing shall be held on the employer's premises.
- j. The cost of arbitration shall be borne equally by the parties. However, the cost, if any, of cancellation or postponement shall be the financial responsibility of the party requesting such delay, unless mutually agreed by the parties.

The decision, opinion, or award shall be based on the record developed by the parties before the hearing. The decision shall be in writing and shall contain the crucial reasons supporting the decision and award.

The arbitrator has no power to add to, subtract from, or modify the terms of the MOU or the written ordinances, resolutions, rules, regulations and procedures of the City, nor shall he/she impose any limitations or obligations not specifically provided for under the terms of the MOU. The arbitrator shall be without power or authority to make any decision that requires the City or management to do an act prohibited by law.

The arbitrator has no power to add to a disciplinary action.

- 36.8 Failure by either party to meet any of the aforementioned time limits as set forth in Sections 36.3, 36.4, 36.5, 36.6 or 36.7 will result in forfeiture by the failing party. Except, however, that the aforementioned time limits may be extended by mutual agreement. Grievances settled by forfeiture shall not bind either party to an interpretation of this MOU, nor shall such settlements be cited by either party as evidence in the settlement of subsequent grievances.
- 36.9 Employees may have documents relating to absenteeism and disciplinary actions removed from their personnel files if the incident prompting the action took place twenty-four months or more previous and no incident of a similar nature has occurred in the interim.

The written appeal shall contain a written reply to the charges against the employee and a written request for an appeal hearing.
- 37.8 If an employee submits an appeal, the City shall refer the appeal to arbitration in accordance with step five of the grievance procedure in the MOU. Newly hired Linemen/Linewomen shall be paid at no lower than the D Step upon employment and shall be advanced to the E Step after 13 pay periods.

Contract Workers shall also be paid a cash equivalent of the then current benefits in place for such Outside employees as established by Local 1245. In addition, the City shall pay the appropriate payroll taxes.
  - The City shall, when appropriate, apply all other working conditions such as overtime, meals, etc. that are currently provided for in the MOU.
