Lodi Electric Utility

Rules and Regulations No.3 APPLICATION FOR SERVICE

A. Applications for Service

1. The City requires each prospective Customer, when applying for Service, to complete and sign a “Utility Service Application” to establish an account for billing purposes.
2. LEU requires each prospective Customer, when applying for Service, to complete and sign a “Service and Meter Application” form. The “Service and Meter Application” form can be obtained at City Hall or found online at www.lodielectric.com.
3. The applications are merely a request for Service and does not in itself bind the City to serve, except under reasonable conditions.

B. Individual Liability for Joint Service

In any case where two or more parties join in one application for electric Service, such parties shall be jointly and severally liable thereunder, and only one bill will be rendered for electric Service supplied in accordance therewith.

C. Change of Customer's Electrical Equipment

The Customer shall immediately give written notice to the City (attention LEU) in the event the Customer makes any material change in the amount, type or use of the electrical equipment installed upon his/her Premises to be supplied with electric energy by the City.

D. Conditions of Service

1. By applying for or accepting Service from the City, a Customer agrees to abide by all of the electric Service requirements, “Lodi Municipal Code” Chapter – 13.20 Article 3, and the Rules and Regulations of the City concerning such Service, to provide any rights-of-way across his/her own property that the City may deem necessary to supply such Service and to cooperate with the City in its construction and maintenance of the facilities needed for such Service. The Customer shall be responsible for any additional costs caused by the Customer's failure to comply with the provisions of this paragraph.

Lodi Electric Utility

2. Construction of City facilities in rendering electric Service will be as per City standard design and construction practices. Subject to the approval of the City, non-standard construction of City facilities may be provided where the Customer pays the City the additional costs incurred by the City in providing the non-standard facilities.
